

## ENVIRONMENTAL POLICY

### Purpose

Morrow's Freightlines is committed to being an environmentally responsible company. We will endeavour to ensure our activities, products and services enhance the environment in the communities in which we operate.

### Scope

This policy applies to all Morrow's Freightlines employees and subcontractors regardless of where they are working.

### Policy

We are committed to environmental improvement and preventing pollution. We will work with customers, suppliers, governments and the community to develop innovative recycling solutions that:

- Reduce waste
- Minimize any lifecycle impacts and
- Meet community aspirations for a sustainable future.

Within our own operations we:

- Require employees to comply with all applicable environmental laws, regulations and standards as well as Morrow's voluntary commitments to the community.
- Identify and manage environmental risks within our operations and apply best practice principles to the prevention of pollution.

On all company premises, particular attention will be given to the storage and transport of Dangerous Goods, containment of run off from workshops and wash down areas.

The company is particularly mindful of the effect of heavy vehicles on the environment, hence promoting a policy of regular maintenance and monitoring of emissions for company vehicles.

Morrow's Freightlines is committed to be natural resources responsible and minimize the environmental impacts of our manufacturing processes;

- Implement and use management system to plan, document, measure and monitor environmental performance including setting, assessing and reviewing objectives and targets.
- Communicate this policy to the environmental management system to all employees, contractors and other stakeholders as well as making this policy available to the general public and
- Continually improve performance through training, management review, research and development and consultation with the community.

## ENVIRONMENTAL POLICY POSITIVE PERFORMANCE INDICATORS

### Purpose

Positive Performance Indicators measure Morrow's Freightlines commitment to being an environmentally responsible company. We will ensure our activities, products and services realistically enhance the environment in the communities in which we operate.

### Scope

This policy applies to all Morrow's Freightlines Departmental Managers and Supervisors to provide these PPI's to the Health and Safety Committee for each quarter.

#### 1/ Management and Target of Work Practices:

- 5-10% reduction in recyclable waste per quarter - paper, cartons, plastic
- 5-10% reduction in energy usage - fuel, electricity, forklift gas cylinders.
- 5-10% reduction in emissions - vehicle levels.

#### 2/ Training, Consultation and Participation with Communities:

- Identify a Community Program in which Morrow's Freightlines can participate.
- Identify and commit to a Training Program that Morrow's Freightlines contribute to improving work practices to enhance our Environment.

#### 3/ Monitor and Review:

David Morrow will monitor and review all quarterly PPI's.
